April 27, 2022

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the **Science, Technology, Engineering and Mathematics (STEM) After School Program** in fiscal year 2023. The entity to receive funding for this project is the Mentoring Youth Through Technology, located at 15406 S. Lexington, Harvey IL 60426. This project would enhance STEM educational opportunities for special needs and at-risk youth in underserved communities. The primary goal is to provide a positive example for youth as well expose them to new technological ideas. The objective is to provide a safe place for students to interact and compete in a healthy environment and learn cross cutting skills that introduce them to many levels of STEM education and careers.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Robin L. Kelly
Member of Congress
